

## Jacklin's 90/10% Tall Fescue/Kentucky Blue Mix

- ✓ Excellent heat and drought tolerance from a deep root system
- ✓ Superior wear tolerance and recuperative potential
- ✓ Improved sod-forming characteristics
- ✓ Good adaptation to sun or shade

**A-Plus** is a Jacklin quality mixture of new generation tall fescues (*Festuca arundinacea*) and Kentucky bluegrass (*Poa pratensis*).

### Formulation:

**90% Three fescue varieties such as Arid 3, Quest, Inferno**  
**10% Jacklin Kentucky bluegrass**

**A-Plus** provides all of the outstanding characteristics of our Triple-A 100% tall fescue blend with a “plus” of improved sod-forming characteristics and recuperative potential by adding Jacklin Kentucky bluegrass. **A-Plus** is able to maintain a denser and finer textured turf by being able to creep into voids caused by divots or excessive wear.

Excellent leaf texture and turf density with resistance to many common turf diseases for better turf quality.

### Seeding Rate:

New Seeding 250 - 500 lb/acre (280-560 kg/hectare)
