

BRILLIANCE[®]

Soil Surfactant

- Brilliance is an effective soil surfactant designed for use on fine turfgrass
- Brilliance is easy to use and will not harm turf when used in accordance with label directions.
- Once in the rootzone, Brilliance alleviates soil water repellency, the cause of Localized Dry Spot (LDS).
- Brilliance enhances the infiltration and overall movement of water in the rootzone to provide enhanced turf performance even under periods of prolonged environmental stress.

NET CONTENTS: 2½ Gallons (9.46 L)

NET WEIGHT: 8.7 LBS./GALLON @ 68°F (1.04 Kg/L)

100362.5G GHS Version: 15085

Brilliance is readily soluble in water and can be applied with conventional application equipment. Apply Brilliance early in the season prior to the onset of stress. Do not apply Brilliance to turf under stress. One full-rate application (or 2 split applications) of Brilliance will provide up to 3 to 4 months of relief from water repellency problems such as LDS. The number of applications required is directly related to the length of the growing season, environmental and geographic conditions. Consult with your sales representative for the specific recommendation in your geographic location.
