Color Enhancing Products

ColorPack®

PRODUCTS FEATURE:

- Nutrient packages that enhance the color performance of your turf or landscape
- Colorants (pigments & paints) that add color to your turf during times when plant nutrition alone is not enough to achieve full color

PerformancePack™

ColorPack®

Color Enhancing Products

Nutrients:

- **Extreme Green® 16**

An extremely pure source of ferrous sulfate heptahydrate combined with manganese sulfate that is rapidly solubilized

- **Extreme Green® 20**

An extremely pure source of ferrous sulfate heptahydrate void of anti-caking agents which enables rapid solubilization when added to a spray tank

- **Six Iron® 12-0-0**

A simple, cost-effective, high quality blend of readily available color promoting nutrients including urea nitrogen and iron sulfate

- **Six Iron® Plus w/ UMAXX**

Combines in liquid form iron from ferrous sulfate and nitrogen from a stabilized form of urea

- **Six Iron® Plus w/ 3% Mn**

The same high quality blend of urea and ferrous sulfate along with 3% MN derived from manganese sulfate

Colorants:

- **Ambient™**

Contains a green pigment that provides an even, deep color when applied to turf to improve turf appearance and serves as a spray pattern indicator

- **Ambient™ Plus**

Contains a darker green pigment that provides even, deep color when applied to turf to improve turf appearance and serves as a spray pattern indicator

- **Green Tee®**

A green turf paint used for the primary purpose of restoring a desirable green color to your dormant, damaged or stressed turfgrass

- **Lumen™**

Lumen™ is a highly effective green pigment concentrate designed to enhance turf color.

- **SP Darken®**

A turf paint that contains black pigment which dramatically darkens the turf canopy

- **SP Green®**

A turf paint that contains green, along with a hint of blue pigments to bring the desired color to your dormant, damaged or stressed turfgrass

- **SP Marking Paints**

A premium quality turf marking paint in 17 ounce, no clog, no drip aerosol cans. Cans will fit line marking equipment. Visit www.simplotpartners.com for available colors
