

# SoluPack®

Water-soluble plant nutrient formulations that provide an array of nutrient application options for turf & ornamental applications.

 Follow us @SimplotTurf

## High Quality, Water-Soluble Specialty Fertilizers

Ver21183

### SoluPack®

#### PRODUCTS FEATURE:

- Convenient water-soluble formulations
- Stabilized & readily available nitrogen sources
- Variety of N-P-K analyses
- Chelated micronutrients
- Specialty iron, manganese, and calcium formulations

### PerformancePack™

TURF &  
HORTICULTURE

Products	Description	Source	Nitrogen Analysis	N	P	K	Ca	S	Fe	Mg	Mn	B	Cu	Mo	Zn
<b>Bermudagrass Special®</b> 20-5-30	A multipurpose water-soluble fertilizer that can be used in areas of high traffic, closely mowed turf and turf growing in heavy soils. The micronutrients are chelated to promote sustained plant response	Ammonium phosphate, potassium nitrate, urea, sodium orate, copper EDTA, manganese EDTA, zinc EDTA, and sodium molybdate	1.00% Ammoniacal Nitrogen 9.00% Nitrate Nitrogen 10.00% Urea Nitrogen	20.0%	5.0%	10.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>Iron Chelate™</b> 20% Fe	A water-soluble chelated ferrous sulfate for use on plants as an iron supplement for added color enhancement	Ferrous sulfate, citric acid and EDTA as chelating agents						17.0%	20.0%						
<b>Manganese Chelate®</b> 20% Mn	A water-soluble manganese sulfate that is chelated for sustained availability to plants as a manganese supplement for added color enhancement	Manganese sulfate, citric acid and EDTA as chelating agents						12.0%			20.0%				
<b>Potassium Special®</b> 10-20-30	A multipurpose water-soluble fertilizer that promotes superior plant stress conditioning and contains chelated micronutrients to promote sustained nutrient response	Ammonium phosphate, potassium nitrate, ammonium nitrate, potassium sulfate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, sodium molybdate, and zinc EDTA	2.00% Ammoniacal Nitrogen 8.00% Nitrate Nitrogen	10.0%	20.0%	30.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>Rapture™ w/ Micronutrients</b> 4-0-4	A superior water-soluble chelated micronutrient package for sustained color response with readily available nitrogen and potassium for fast green up	Urea, potassium nitrate, copper sulfate, ferrous sulfate, magnesium sulfate and zinc sulfate. Chelating agents are citric acid and EDTA	1.00% Nitrate Nitrogen 3.00% Urea Nitrogen	4.0%		4.0%		1.0%	12.0%	2.0%	3.0%		0.20%		0.5%
<b>SP All Purpose®</b> 20-20-20	A water-soluble starter / maintenance fertilizer that is designed to promote uniform growth and development. The chelated micronutrients and stabilized nitrogen help promote a sustain plant response	Urea, ammonium phosphate, potassium nitrate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, zinc EDTA, and sodium molybdate	3.90% Ammoniacal Nitrogen 5.80% Nitrate Nitrogen 10.30% Urea Nitrogen* *5.15% urea nitrogen stabilized with dicyandiamide and N-(n-butyl) thiophosphoric triamide	20.0%	20.0%	20.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>SP Bentgrass Formula®</b> 28-8-18 w/ UMAXX®	A water-soluble fertilizer with an N-P-K analysis that is a good choice for low and high maintenance turf areas. The chelated micronutrients and stabilized nitrogen help promote a sustained plant response	Urea, ammonium phosphate, potassium nitrate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, zinc EDTA, and sodium molybdate	1.60% Ammoniacal Nitrogen 5.30% Nitrate Nitrogen 21.10% Urea Nitrogen* *10.55% urea nitrogen stabilized with dicyandiamide and N-(n-butyl) thiophosphoric triamide	28.0%	8.0%	18.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>SP Rapid Green®</b> 20-0-20	A water-soluble multipurpose fertilizer containing both nitrate and ammoniacal nitrogen which provide quick plant response. The micronutrients are chelated to promote sustained plant response	Potassium nitrate, urea, ammonium nitrate, potassium sulfate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, sodium molybdate and zinc EDTA	9.00% Ammoniacal Nitrogen 5.90% Nitrate Nitrogen 5.10% Urea Nitrogen	20.0%		20.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>SP Root Enhancer®</b> 12-31-14	A multipurpose water-soluble fertilizer that contains ammonium phosphate to promote root and shoot development and increase stress tolerance. Micronutrients are chelated to promote sustained plant response	Ammonium phosphate, potassium nitrate, ammonium sulfate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, sodium molybdate and zinc EDTA	9.00% Ammoniacal Nitrogen 3.00% Nitrate Nitrogen	12.0%	31.0%	14.0%			0.010%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>SP Summer Aid®</b> 25-0-25 w/ UMAXX®	A water-soluble fertilizer that is designed for high maintenance turf areas grown on sand-based soils. The chelated micronutrients and stabilized nitrogen help promote a sustained plant response	Potassium nitrate, urea, ammonium sulfate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, sodium molybdate and zinc EDTA	1.50% Ammoniacal Nitrogen 6.60% Nitrate Nitrogen 16.90% Urea Nitrogen* *8.45% urea nitrogen stabilized with dicyandiamide and N-(n-butyl) thiophosphoric triamide	25.0%		25.0%			0.10%		0.05%	0.02%	0.05%	0.0005%	0.05%
<b>SP Super Cal Formula®</b> 15-0-15	A general use fertilizer which contains calcium nitrate to assist in situations where the plant can use an extra boost of calcium. The micronutrients are chelated to promote sustained plant response	Calcium nitrate, magnesium sulfate, potassium nitrate, ammonium nitrate, sodium borate, copper EDTA, iron EDTA, manganese EDTA, sodium molybdate and zinc EDTA	2.00% Ammoniacal Nitrogen 13.00% Nitrate Nitrogen	15.0%		15.0%	9.0%		0.10%	0.50%	0.50%	0.02%	0.05%	0.0005%	0.05%
