PLANT NUTRIENT

ALLEVIA[®]
PLUS
5-0-0

Allevia[®] Plus is a unique blend of macro and micro nutrients designed for improved nutrient uptake, movement of nutrients within the plant, and to help alleviate osmotic stresses. Allevia Plus also has a complexing component which helps minimize negative reactions between nutrients and pesticides, helping maintain both nutrient and pesticide efficacy.

BENEFITS

- Unique blend of macro and micronutrients
- Improved nutrient uptake
- Improved movement of nutrients within the plant
- Helps minimize osmotic stresses
- Complexing component helps minimize negative reactions between nutrients and pesticides, improving efficacy

CROP/RATES

Field, Row, Vegetable and Vine Crops

- 1-2 qt/A
- 1 pt/A for deficiencies as they occur
