

CAPTIVATE™

EDTA 10-20-5

Captivate™ EDTA is a low salt, neutral pH, 100%, clear, seed safe orthophosphate fertilizer. Additional benefits of the Captivate EDTA formulation include stimulated root development and growth, and reacted or complexed nutrients like P, K, and others for increased solubility, availability, and uptake.

BENEFITS

- Low salt, seed safe formulation
- Clear formulation
- 100% orthophosphate
- Neutral pH
- Stimulates root growth and root development, and helps keep P, K, and other nutrients available

TANK MIX

Mixes with 100% EDTA micronutrients such as Che-Zinc 9%, Red Vigor™ or Vitalyze™ C and GoldenBio®.

When mixing with UAN, always blend Captivate EDTA with water at a 1:1 ratio before adding to the UAN. Always perform a jar test to ensure product compatibility.

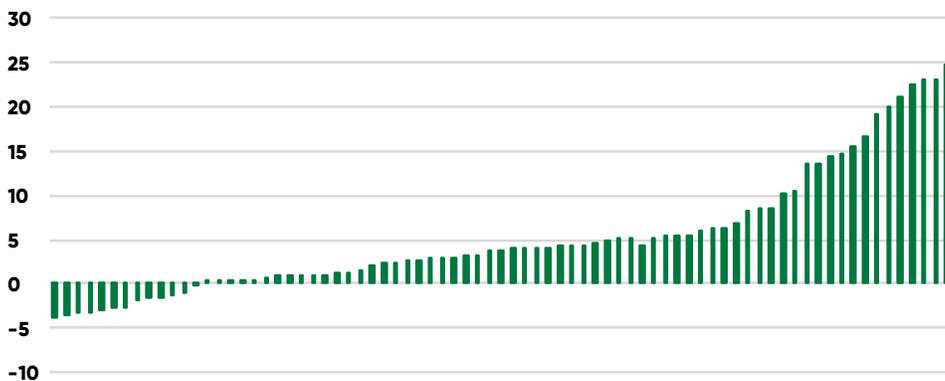

USE RATES

Please reach out to your local Innvictis rep for specific crops and application rates.

APPLICATION METHODS

- At plant in furrow
- 2x2 band
- Through irrigation equipment

CAPTIVATE YIELD INCREASE OVER 10-34-0

- 84% of the time Captivate outperforms 10-34-0
- Captivate averages 5.25 bu/A over 10-34-0
- 77 data points from 2014 - 2017
