

VITALIPHITE[®]
ADVANCED 5-0-0

Vitaliphite[®] Advanced is an innovative phosphite foliar fertilizer, providing essential macro and micronutrients to plants during periods of peak demand, increasing plant health and physiological development and maximizing yields. Due to its systemic activity, with Vitaliphite Advanced there is increased nutrient uptake and nutrient mobility within plants. Vitaliphite Advanced also promotes root and foliage development and growth, helping plants more efficiently and effectively utilize soil moistures and soil or foliar applied nutrients.

BENEFITS

- Phosphite based foliar fertilizer
- N, S, B, Mn, Mo, and Zn
- Provides essential macro and micronutrients during periods of peak demand
- Systemic activity
- Increased nutrient uptake and nutrient mobility within plants
- Promotes root and shoot growth

APPLICATION

Foliar application: 1-6 pts/acre

Can be applied at 7-21 day intervals, at a maximum of 6 times during the growing season
